## ROAD DIRECTIONS

### **From the north:**

#### - From Turin (Torino):

On the highway A21 (Torino – Piacenza) at Alessandria Sud you take the exit to the A26 (Gravellona – Genova) in the direction of Genova.

Now on the A26 you take the first exit in the direction of Alessandria Sud. After the toll-gate you stay to the right in the direction of Acqui Terme.

You are now driving on the provincial way S 30. This you follow to the village of Spigno Monferrato. (In that process you will pass through the quaint villages of o.a. Cassine, Strevi, Acqui Terme, Bistagno and Montechiaro d'Acqui).

Immediately upon entering Spigno Monferrato (the white welcoming plaque states Spigno M.to) you take the left exit (actually a small road) in the direction of Sassello, Pareto. From here the last 12 km's through the green hills South-East of Spigno Monferrato lead you to the small township of Squaneto.

You now find yourself driving on the SP 215. Attention: after a few hundred metres there's a sharp right turn around a small white chapel. This winding road you must follow until right after the kilometer sign 7 (white sign with black number). At this point you go right to Squaneto. (Attention: after 5 kilometers you will already have passed another exit Squaneto, do not take this one!)

After another 1,4 miles you go left. After the second bridge (about 1 mile) you go right in the direction of Squaneto. You are now entering Squaneto. This road you must follow until the first exit left in the direction of Giusvalla. Immediately one-third of a mile after the bridge the entrance to Tenuta Squaneto is located.

If you drive through Switzerland and cross the border via the Gotthard tunnel (free of charge) at Chiasso, near Como you take the A 9 southbound and then you have two options:

#### Option 1 A (slightly longer but quieter) route to avoid the ring road of Milan:

Take the exit to Varese (A36) then take the A8 in the direction of Varese/Gravellona T. Continue in the direction of Genova. The A8 then becomes A26. This will take you to the Alessandria Sud exit.

### Option 2 Via Milan (Milano):

At the ring ('tangenziale') of Milan keep the signs A7 Genova. Follow this motorway until the exit to the A21 (Torino - Piacenza) towards Torino.

On the A21, at Alessandria Sud take the exit to the A26 (Gravellona - Genova) direction Genova. (Attention: this exit comes just after the exit in the direction of Gravellona)

On the A26 take the first exit in the direction of Alessandria Sud.

\*) After the tollgate keep right direction Acqui Terme.
